Dear commissioner, please do not allow the extension of the Covid 19 Bill. There is absolutely no reason the the people of Queensland need any more restrictions and the government need to remove themselves from controlling citizens lives and get back to representing all Queenslanders. Let the people make their own health choices and get on with the more important issues. Let businesses run how they want to run and take a step back because we have turned into a nanny state with government trying to control all aspects of peoples lives. Let Queenslanders be free.

Many Thanks
