Subject: Proposed Extension of Emergency Powers
Date: Wednesday, 2 March 2022 11:28:24 AM

I say NO to this proposal.

What is the justification? All around the world countries are ending mandates relating to Covid 19 yet our government wants to extend these arbitrary and unnecessary powers. Why???

My faith in our governments and people in authority has been severely eroded over the last couple of years.

Our governments are elected to ensure that basic essential services are provided to the whole community NOT to rule us in a despotic manner.

You are our employees not our rulers!
