Dear Secretary,

Re: Public Health and Other Legislation (Extension of Expiring Provisions) Amendment Bill 2022.

My wife and I wish to express our strongly held point of view that the Covid "emergency" is over and therefor there is NO need to extend these emergency powers.

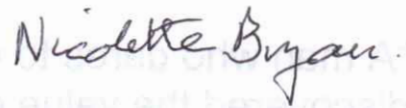

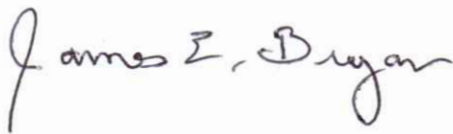

The interference and manipulation of the Covid "emergency" powers have already done considerable damage to Queensland and we want it to stop.

Our trust in the Queensland government has been severely diminished already with its mismanagement and extending this Bill further will show that the government is only interested in maintaining "temporary" extraordinary powers which it has no desire to relinquish.

Get out of our lives.

Namaste

James E. Bryan
