Subject: Fwd: No extension to Emergency Bill
Date: Wednesday, 2 March 2022 12:34:48 PM

Dear Queensland Parliament,

We do NOT WANT an extension to the Emergency Bill referred to as "Public Health and Other Legislation (Extension of Expiring Provisions) Amendment Bill 2022". The Acts referenced should be allowed to expire.

Given the severity of the pandemic is now being shown to be vastly exaggerated there is no justification for the emergency powers. These measures are completely out of proportion to the current situation.

Regards,
James Lyell
