Subject: PHO amendment bill
Date: Wednesday, 2 March 2022 1:16:35 PM

As a member of the public and someone who's already endured 2 harsh years of lockdowns I'd greatly urge you to consider the detrimental effects of re amending the public health order. A re-amended PHO will mean catastrophic impacts on the health and wellbeing of QLD residents. Also I'd recommend you take into account the impacts on the economy a prolonged lock down will have, and scientific evidence proving negative effects of prolonged mask wearing.
