**Subject:** Public Health and Other Legislation (Extension of Expiring Provisions) Amendment Bill 2022 - Submission Against this Bill

Good afternoon,

My name is Leanne Morgan, [REDACTED] and I would like to lodge an objection to the Public Health and Other Legislation ( Extension of Expiring Provisions) Amendment Bill 2022 and clearly state that I do NOT want the PHO extended.

This legislation has been detrimental to so many people in so many ways, some of which are listed below:-

- many people have lost their jobs & their businesses
- people are unable to see their family members
- the mandate should never have been introduced. All it has achieved is the isolation of health workers, teachers & education staff, paramedics, fire fighters, the closing & loss of revenue for many businesses.
- It had divided communities
- Divided families
- Contributed to an increase in mental health issues
- Far more people die every year from the flu, cancer, heart attacks & suicides - but no state of emergencies have been called for these
- The numbers of covid cases have increased since the mandates, which doesn't make sense if the majority of the population is vaccinated
- Our state debt has increased significantly and taxes paid have decreased due to the record number of people out of work

Thank you for adding my submission of objection for the above bill.

Regards  
Leanne Morgan
