Subject: Do not extend these emergency powers.
Date: Wednesday, 2 March 2022 2:34:37 PM

Dear State Polititions

Please do not extend these emergency powers.

These powers allow your Government to act like the CCP here in Australia.

What has happened in Australia through your COVID response measures has made Australia look like a communist country.

1% of all deaths in the last year were attributed to COVID. 97% of those had COVID as the only cause of death.

83 Deaths only.

Was this a pandemic?

How many people committed suicide?

How many families broke up?

How much domestic violence incidents increased.

How many have lost their jobs because of your mandates?

How many volunteers were shunned because of mandates?

Our States Heroes? Treated like Zeros?

If emergency powers are continued it is not for our Government to serve its citizens but to be able to enslave its citizens.

These decisions will effect your children and Grandchildren.

Regard Stephen Ossedryver
