Subject: NO EXTENSION TO THE EMERGENCY BILL
Date: Wednesday, 2 March 2022 2:45:26 PM

To Whom It May Concern.....

Please DO NOT extend the Emergency Bill until October 31, 2022

1. How accurate are the numbers of deaths from COVID? Especially in the 80 – 100+ age group. Many of these people are already in nursing homes because they can not look after themselves DUE of health issues; their health has already been compromised well before COVID came.
2. There are far too many medical and health care staff being kept away from the work they love as they have chosen not to have a vaccine. These medical staff DON'T DISCRIMINATE against who they treat, so why does the government want to discriminate against them????
3. Teachers are the same; they never discriminate against those in their classes. I know of teachers who have had students throw chairs at them, been physically attacked and still continue to have these students in their classes.... Teachers and educators DO NOT DISCRIMINATE.
4. Police DO NOT DISCRIMINATE
5. Many of those choosing not to be vaccinated are NOT AGAINST vaccines.... They just want to have a choice. Australia used to be a country where we could have FREEDOM OF CHOICE, SAY YES OR NO.... Not be given an ultimatum if we choose to disagree with the government....
6. What proof is there that there will be no long term effects of these vaccines?
7. Those who want to be vaccinated will still choose to be vaccinated when the mandate is lifted BECAUSE THAT WILL BE THEIR FREEDOM OF CHOICE

So, please consider all those out there who are not working just because they have chosen not to be vaccinated... Don't take away FREEDOM OF CHOICE and PLEASE DON'T EXTEND THE MANDATE.

THANK YOU

Kind regards,

Pam Taylor
