I am alarmed at the news of the discussion being had regarding extension once again of the Emergency Powers Bill which will end on 30th April 2022. The previous extension was tabled in parliament on June 16 by the Minister for Health, Yvette D'Ath, to have that extension extended until April 2022.

As a sovereign woman living in Queensland, I am fully opposed to this bill, and I urge that all Ministers of all Political Parties and Persuasion in our Queensland Parliament to finally bring a halt to any further extension of these unlawful measures. Come April 2022 it will be over 2 years and the People of Queensland say Enough is Enough.

The Public Health and Other Legislation (Further Extension of Expiring Provisions) Amendment Bill 2021 extended a range of emergency measures that increased the government's overreaching power over people's lives, including the extraordinary powers of the Chief Health Officer, Dr Jeannette Young and New Chief Health Officer Dr John Gerrard.

So far, the Health Minister's powers (whether justified or not) under PHO have contributed to loss of small business, bankruptcies, broken marriages, broken people, loss of homes and major mental health issues in the population. The QR code system is everywhere without agreement or debate (many people object to this forcing of new and permanent tech, and having to surrender privacy), forcing of mask wearing (deprivation of oxygen and increased CO2 levels, make healthy people sicker),

closure of church services (essential for mental health), no singing (which is excellent for mental and physical health). There seems to be a concerted effort to use these powers to divide, coerce and manipulate people. Debate or second opinion on these subjects has been silenced and censored

Queenslanders want an End to Emergency Powers come 30th April 2022 and a restoration of democracy.
