I am emailing a request to stop the extension of the SOE & it's ensuing powers.
Covid is here & we have to learn to live with it. At the moment we are just exiting!
These mandates have destroyed businesses and segregated communities.
And for what, particularly when the rest of the world have experienced the inefficiency's of the mandates & so dropped them?
Tasmania has started to drop the above
Are we not one country?
I just shake my head at the ludicrous mask mandate
Unless used properly & changed frequently they are completely ineffective & I challenge any one of these MP's to work in the restaurant settings up here in North Queensland (in the stinking humidity)
I as a taxpayer, rate payer etc demand the right to choose & live again!
