---

Dear Secretary,

I am writing to strongly oppose the emergency powers being further extended in Queensland until October 31.

With high vaccination rates and others with natural immunity from having Covid, we have low case numbers and our hospitals have not been overwhelmed. In fact the ABS claims Covid deaths made up just 1% of ALL FATALITIES across the country, with 83 people dying OF COVID and an average age of 81 years..

Queenslanders have done the right thing, they've done what was asked of them, now the unlawful mandates need to be dropped so we can get on with our lives as we have seen happen in so many other countries..

Yours sincerely

Marie Lapslie
