Subject: Emergency Bill Extension

I submit this email stating my opposition to the extension to the current Covid 19 emergency bill until 31st October 2022 OR AT ALL..

I no longer TRUST THAT THIS GOVERNMENT HAS MY BEST MEDICAL INTERESTS OR WELLBEING AT HEART..

I am an average person who is intelligent enough to ask questions after standing aside witnessing the last two years of management of Covid 19 mandates and how it has affected Australian people.

Why would a government shut down its own economy by penalising local hard working people trying to make a living running their own business when there are many other ways they could safely provide customer service? Yet there was only ever one option.

Now, that just does not make sense!!!

Why would a government force organisations and businesses to stand down qualified unvaccinated willing workers for what we now HAVE EXPERIENCED is a virus no greater or less than any other flu in history and that medical data is now indicating covid death rates are inaccurate?

Many questions, yet I doubt my email will even be read.

Sincerely
Jo Hayter
