

To whom it may concern,

As a voter in the electorate, I wish to voice that I DO NOT want an Extension to the Emergency Bill until 31st of October 2022.

We have been ravaged by floods and tragedy. Vaccination status is no longer important. Community spirit does not discriminate against vaccinated or non-vaccinated.

Places of business are suffering as non-vaccinated are not welcome.

Mandates have caused stress, staff shortages, job shortages and mental health issues.

COVID 19 was the 38th leading cause of death in 2020

It is time to stop the suffering.

Yours sincerely
