Re: Submission to STOP extension to emergency bill to 31st October 2022 in the state of Queensland.

I, SARA KUSINSH, a permanent resident of Australia, do hereby state I DO NOT want an extension to the emergency bill to 31st October 2022.

The current state of emergency must STOP immediately. This is due to the ineffectiveness of the Covid mandates and exaggeration of the Covid data. Unlawful loss of lives, jobs, staff shortages and segregation in society. The total mistrust by the Government of Australia is disappointing.

I have been placed on leave without pay by my employer, as I decline the invasive irreversible medical procedure. This has left me and my husband who has also been unable to continue in the work place due to these ridiculous requests. Now leaving us both unemployed and barely able to support our son.

The Australian government is a disgrace, causing more harm than good.

These crimes against humanity need to stop immediately.

Regards

Sara Kusinsh
