There absolutely SHOULD NOT be ANY extension of Queensland's Emergency laws.

We have already suffered two years of the government's unnecessary over-reach and over-reaction, and **NONE OF THOSE MEASURES HAVE DONE ANYTHING TO THWART COVID.**

The whole debacle has been POLITICAL NOT MEDICAL.

The proposed extension is NOTHING BUT a "power grab".

The Premier, among others, have become addicted to the power over the public.

They have forgotten that they are public servants – NOT TYRANNICAL DICTATORS.

It's time they stopped treating the public as though they are too stupid to make their own wise choices.

Many renowned frontline doctors and virologists who have NOT BEEN CORRUPTED BY THE INFLUENCE OF "BIG PHARM" [who have made literally billions through this fake*¹ pandemic], have said that many of the measures, ESPECIALLY MASKS, **DO NOT STOP THE SPREAD OF COVID [SARS] – AS HAS BEEN CLEARLY SEEN.**

They have said that the typical behaviour of any virus is to mutate for survival. The natural immunity of humans prompts the variations which may become more infectious, but definitely less dangerous [e.g. Omicron]. They end up thwarting themselves, because they become ineffective against natural immunity.

The true medical experts have said that "herd immunity" is the best defence against Covid – as has been proven in many countries [e.g. Sweden].

*¹ When the majority of the population has not caught the virus [because it hasn't been in their environment] – **IT IS NOT A PANDEMIC.**

When **99.20%** of those who DO catch the virus **SURVIVE – IT IS NOT A PANDEMIC** – it's not even an epidemic.

If there is no pandemic – there is NO EMERGENCY, so THERE IS ABSOLUTELY NO GENUINE REASON FOR AN EXTENSION OF EMERGENCY POWERS.
