To whom it may concern

I am writing to submit my complete and **total opposition to this bill.**

According to the Australian Bureau of Statistics (ABS) total mortality in Australia from January to October 2020 was 273,900.

Also according to the ABS reports 'COVID' deaths as roughly 2,600 to end January 2021 which is 0.9% of the total and, of that 0.9%, 93.4% of the persons had other co-morbidities. That is, only 8.6% of 0.9% had COVID only.

In addition, a significant number of the 8.6% were older than 83.7 years, the median life span of The Australian population and so we're nearing the end of their lives anyway.

That means less than 0.07% of mortalities (given the ABS figures relate to COVID deaths to Jan 2021 whilst total deaths were only stated to October 2020) were due purely to COVID.

Therefore, based purely on our own government's statistics there is absolutely no grounds for the Queensland government to extend the bill.

Indeed, **it should be clear from the hard facts that no COVID mandates of any kind are justified going forwards.** To extend these draconian directions on the basis that a 'pandemic' exists would be the height of folly and completely counter to the facts and completely counter to the best interests of our state."

**Scientific FACTS:**

- 1...The PCR test was never designed to pick up the Covid-19 virus as indicated by the person who invented the test.
- 2...Any amplification over 20 cycles will give FALSE POSITIVES. In Australia the majority of tests were run at 40 cycles.
- 3... I have 116 scientific papers that prove that face masks are USELESS in stopping a virus. It is like building a chain wire fence to keep out your neighbour's flies. (TOTALLY USELESS) that is why I will NEVER WEAR A MASK.
4. The Corrupt Drug companies had to stop 2 medicines (Ivermectin and HQ) from being used so they could introduce vaccine mandates which are TOTALLY ILLEGAL.

Kind Regards

KIM MARTIN
