Subject: Peta Zafir : Do not want an extension to Emergency Bill Passed

HI

I DO NOT want an extension to the Emergency Bill passed.

This needs to stop. Mandates need to stop.

There has been an exaggeration of Covid Data.

Implementing this emergency bill has segregated society, pitting groups against each other.

Causing enormous hardship for individuals and businesses.

The power and choices need to return to the people - both the individuals and business

Politicians were elected by the people for the people, and this Bill is not serving anyone.

I would demand that Queensland becomes the state it was, offering freedom, honesty, and support of its people not trying to destroy them. We are not children needing control and discipline

The strict regulations haven't worked - let us gain immunity and strength and go forward without restriction

Thank you

Peta Zafir
