Hi,

My name is Daniel Lennox, I live at [REDACTED], my phone number is [REDACTED]

This is in relation to the Extension to the Emergency Bill that the Queensland government is trying to pass.

I and many other Queenslanders, strongly object to the extension of these emergency powers. Many governments across the world have moved past their strict measures and have dropped all covid related mandates for normal activities.

The threat of covid (with omicron) has to average person is so low that it now compares to the common cold and flu.

The covid vaccine passport needs to be scrapped, as it already has in NSW, and we need to move beyond covid and return to normal living, pre-2020.

Cheers,

Dan
