Subject: PUBLIC HEALTH AND OTHER LEGISLATION (EXTENSION OF EXPIRING PROVISIONS) AMENDMENT BILL 2022
Date: Thursday, 3 March 2022 9:37:33 AM

Dear Qld government,

I refer to this opportunistic and unnecessary piece of legislation currently before parliament, or about to go before parliament.

There is absolutely NO reason whatsoever to extend the emergency powers provision at this point in time. Your overreach in every aspect of a normal citizen's life must finish NOW! And while you are at it, get rid of the ridiculous discriminatory green tick mandates. This emergency is OVER. Let us get back to normal before you totally destroy small businesses and leave the economy to the big corporates, or have you betrayed your working class roots, Qld ALP?. Enough damage has already been done. Also, stop your ludicrous rule about non vaccinated people not being allowed to get transplants. Haven't you lost enough organ donors already with your ridiculous policy? For shame, QLD. You want to get re-elected? Well get your government nose out of our business. Chairman Dan went way overboard. Do NOT make the same mistake.

Kind regards,

Janette Chegwidden
