To whom it may concern, I am writing to express my objection to the extension of the emergency bill (until 31st October 2022) Considering the truth of the matter & actual effects of the so called "pandemic" further restrictions are totally unnecessary & a total over reach of power by the Queensland government. Due to the draconian measures of the last two years families have been torn apart, Business's have collapsed never to return & the economy decimated. The supposed pandemic has changed significantly & we must realise that we just have to live with it & rebuild the destruction imposed on the people of Australia by the state & federal governments.

Kind regards
Richard Tapscott
