Subject: PUBLIC HEALTH AND OTHER LEGISLATION (EXTENSION OF EXPIRING PROVISIONS) AMENDMENT BILL 2022
Date: Thursday, 3 March 2022 10:14:37 AM

Committee Secretary

Brisbane Qld 4000

I formally advise I DO NOT support this bill and DO NOT CONSENT to an extension of the state of emergency,

Queensland has been under a false state of Emergency since January 2020 - the government has NOT acted in the best interests of the people they are supposedly representing. The state of emergency needs to be removed IMMEDIATELY, not extended!, along with all mandates to allow the recovery of businesses and individuals impacted by this heartless government.

Small business has been decimated while large corporations have prospered from the suffering of others.

Mental health has exploded due to lockdowns, job losses and instability.

ALL Mandates need to be removed IMMEDIATELY - they are unlawful and discriminate. NO ONE should be forced to succumb to an experimental "vaccine" to keep their job. NO ONE should be restricted from basic human rights to travel, or enter government facilities which their own taxes pay for!

ABS figures confirm there is NO Pandemic and therefore NO State of Emergency. COVID death numbers have been grossly over reported and mis reported to fuel the government's agenda. The government are NOT representing the people. The COVID-19 virus is no different than treating the flu.

Why has the government only supported an experimental "vaccine" against this virus?

Why has the government not removed the experimental "vaccines" following extreme side effects and more deaths from the vaccine than from the virus itself?

Why has the government mandate an experimental "vaccine" that does not stop anyone getting or transmitting the virus?

Why has the government not encouraged other proven treatments that are safe and effective?

I REJECT THE BILL AND DO NOT CONSENT TO THE EXTENSION TO THE STATE OF EMERGENCY.

I instruct the government to listen to what Australians are saying, and to vote against this bill on my behalf as I have stated.

Regards
