To whom it may concern.

There cannot be any extension to the SOE as the statistics gathered by the Australian government show that this present time does not meet ANY of the criteria for the Use of the powers granted under this legislation. See pic below.

To say the overreach of our governments was unnecessary is an understatement.

I have also lost BOTH parents to adverse effects of the vaccines and do not wish ANY others to be FORCED, COERCED, INCENTIVISED or REWARDED(with their job) to take part in an EXPERIMENTAL drug trial.

The fact that our great Country has been decimated, segregated and raped financially by politically motivated decisions with NO medical basis is inhuman, undemocratic and the epitome of insanity with the ONLY reason remaining for any of these mandates are for control and to cement power for powers' sake. The heartlessness shown by those in the highest levels of public office shows that the time for these powers MUST END NOW!!

The secrecy used by those in public office around deals with Corporations using OUR TAX DOLLARS is an abhorrent abuse of power and MUST BE STOPPED NOW!

In conclusion.

There is NO medical justification for an extension.

The statistics do not meet ANY criteria for an extension.

Any extension of these powers will be for POLITICAL reasons not MEDICAL!

NO EXTENSION.

Kind Regards
