Subject: NO to the Emergency Bill Extension
Date: Thursday, 3 March 2022 12:56:23 PM

To Whom It May Concern,

Please accept this letter as a vote AGAINST the passing of the Extension to the Emergency Bill (until 31st October 2022). The reason for this is that it's pretty obvious that there is no health emergency when you look at the actual data. Please refer to the website <https://childrenshealthdefense.org/> to find the facts and data collated from over two years of the Covid19 experimental injection rollout.

If the Emergency Bill continues, peoples' health and mental wellbeing will continue to deteriorate at a more rapid speed than it already is. There will be many repercussions to this crisis and those that have voted for this current bill & it's extension will be held accountable in due course. The extension of the Emergency must NOT be passed in parliament. Let the citizens of Australia live their life without these devastating restrictions as the are NOT helping anyone, they are doing the complete opposite to the people and the country.

Regards,
