Subject: State of emergency

I am writing to express my absolute disgust in this government. This so called state of emergency has to stop. The covid data is being massively exaggerated. People going to hospital from a car crash and going into a covid ward and being counted as a covid case is one of many examples of this farce. The segregation of our society directly from the mainstream media and government fear mongering is absolutely criminal and you should hang your corrupt heads in shame! I'm sitting in my house without power for close to a week now due to the floods wondering how many unemployed Energex workers that are unable to help due to your criminal vaccine mandate laws, not to mention everyone else who have lost their jobs or can't even get an interview because they chose not to get a vaccine that does nothing to stop catching or spreading covid. The damage this self serving compromised parasitic government has caused is epic! Serve the people, not the rich elite!!! You have no right to extend this state of emergency lie!
