I sincerely pray the lifting of the emergency government powers. I do not consent to these mandates. My family have suffered loss of jobs, severe sickness and great distress from the border closures, vaccine mandates and tyrannical rule in the name of health. These mandates have destroyed our country. Please lift them immediately and DO NOT CONTINUE this madness any longer.

Yours truly

Josiah Chapman

A handwritten signature in black ink, appearing to read 'J. Chapman', with a long horizontal flourish extending to the right.
