I DO NOT SUPPORT THE BILL FOR THE EXTENSION OF THE STATE OF EMERGENCY (SOE) FOR COVID

THERE IS NO STATE OF EMERGENCY AND THERE NEVER HAS BEEN

COVID is a fraud. It has been weaponised by politicians in cahoots with the MSM against the people. COVID "deaths" have been overstated to whip people into a state of fear. Even then, the survival rate is over 99.7%. It is nothing more than a common cold. Coronaviruses have been around forever.

There are 1000's of peer reviewed studies that conclusively demonstrate masks don't work.

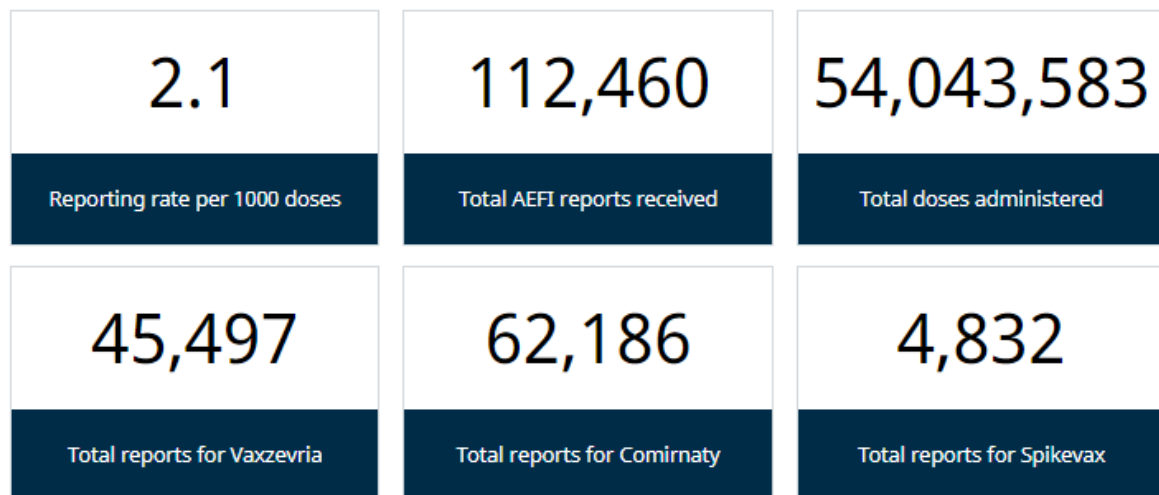

Lockdowns and social distancing cause more harm than good. Suicide rates and mental health disorders are skyrocketing.

The "vaccines" are killing and maiming people.

Anyone with half a brain knows that that the TGA adverse events are under-reported. AHPRA have threatened doctors and nurses for speaking out, gagging them.

Australians and Queenslanders who have been injured by these experimental toxins are being gaslighted and treated appalling every single day. This includes OUR CHILDREN.

Total adverse event reports to 27 February 2022

The amount of money spent on COVID vaccines, testing, handouts is criminal. We are bankrupt. If this money had been spent on infrastructure such as hospitals instead of useless, unnecessary quarantine facilities, everybody would be much better off.

What sort of world do you want for yourself, your children and grandchildren???

If you continue with this charade, there is blood on your hands. Every single politician, bureaucrat, journalist, medical professional, administrator, EVERYONE who perpetrated this crime on the people must and will be held to account. The excuse "I was just doing my job" didn't cut it in the first Nuremberg trials and it won't cut it in Nuremberg 2.0.
