---

Hi,

I do not agree with the Emergency Bill being extended.

There is no pandemic and the statistics of people dying of or with Covid is not accurate.

I am unvaccinated and in recent weeks I have been banned from visiting my son in hospital after a work accident, which was devastating for him and for me. My mother also needed to be taken to hospital. She is 88 with health issues and needing assistance and I was not allowed to accompany her being unvaccinated.

There is no reason to extend the Emergency Bill.

Thank you

Felicity Laning
