To Whom it May Concern:

I outright reject this Bills proposed extension of the emergency powers granted to the Palaszczuk Government on the pretext of managing the state's response to 'Covid19' - which is no worse than a seasonal flu for the majority of the population.

I contend that Queensland has never been in a 'state of emergency' that warranted the emergency powers to be enacted in the first place or that warranted the excessive, draconian and failed 'public safety measures' that were foisted on its citizens.

What has happened is we let Politicians break the law in a supposed *emergency*, they are now creating an emergency in order to break the law - and this vicious cycle continues giving themselves more power the longer it goes on.

The Palaszczuk Government, like other state and territory governments, has used and abused these 'emergency' powers to their own ends. They have ignored actual science e.g. face masks case in point, used psychological tactics to keep people terrified and compliant with ridiculous rules, censored debate, not to mention used coercion to conscript people into taking an experimental injection that has not completed a clinical trial phase (FACT). Taking things away from people until they say 'yes' is **NOT** a choice.

The Government is clearly corrupt and holds its citizens in contempt, as such it cannot be trusted to act in the best interest of the people. To be really honest, we have to literally be at worst insane or at best seriously delusional to agree to extending these emergency powers after this Government essentially introduced medical apartheid to the state and has virtually attacked their own people.

Two very relevant quotes to this situation and the proposed extension of these powers to bear in mind:

- *"... 'Emergencies' have always been the pretext on which the safeguards of individual liberty have been eroded". F.A. Hayek.*
- *"It's pretty incredible to consider that right now governments are like "in order to keep you safe, we need to impoverish you, imprison you, force mask and vaccinate you, plus separate you from your family" Candice Owens.*

I cannot see the Government willingly giving up these powers - if this continues we will be in a 'state of emergency' forever!

I request that you put this bill in the rubbish heap where it belongs, end the 'state of emergency' and amend the emergency powers laws so that the same thing cannot happen ever again.

Regards,

Liliana Williamson
