Subject: Extension to Emergency Bill
Date: Thursday, 3 March 2022 9:12:14 PM

I am very concerned about this Bill. Please don't let it get passed.
The damage that has been done to the community due to all the rules and regulations of the Covid situation has been absolutely deadly.
How anyone can sit by and see the results of what has happened to our beautiful Australia and not try to do something about changing the politicians views isn't very Aussie.
Please don't let this Bill be passed.

Queensland has always been my home and I hate to see what is happening to my friends family and neighbours. Families are on the bread line. If you have any compassion in you, please have a look around and perhaps you will see their pain and so many others suffering. My friends haven't been able to sit with their dying parents. How would you feel? We need to change and allow time to heal and people get back to work.
I beg you please don't let this Bill pass.

Please don't let this Bill be passed.

Trusting you will read and act.

(Mrs) V. Jorgensen
