Dear Committee,

I strongly object to any extension of the Emergency Bill.  
The mandates affected lots of families and businesses.  
I lost the job to mandate also I'm perfectly healthy and could easily work while many vaccinated people were allowed to work and ended up sick with Covid. It also put stress on the disabled client I was looking after for many years.

The discrimination is unacceptable!

The Emergency Bill was granted based on a death rate. Current death rate is very small if any.  
We need our jobs back.

Thank you for your consideration

Eva Tichy
