To whom it may concern

I want to share my opinion that I strongly object to Queensland's emergency powers being extended. I agree with Mr Dametto that 'Queenslanders need to see that there is light at the end of the tunnel. The pandemic has put an immense amount of pressure on many and it's time for the segregation in the community to stop.'

Our children deserve to experience a normal life. The previous two years have not been that and a gross overreaction with no correction by our current State and Federal governments. It needs to stop.
