---

Dear Committee,

There is absolutely NO EXCUSE to extend the Emergency Bill in Queensland or anywhere in Australia and I strongly object to ANY Extension of the Emergency Bill. It is obvious an Extension is ONLY about power and NOT about HEALTH.

I also strongly object to all of the mandates, which are causing financial stress, mental health issues and segregation. They are UNACCEPTABLE and the government should be ashamed of how they are treating their own fellow Queenslanders.

We are supposed to live in a democratic society but the actions of the government are now obvious and we are fast tracking to a communist model.

The people of Australia are speaking up and need to be heard and respected.

It all has to end NOW. The people have had enough and need to get on with their lives without the fear and coercion that has been forced upon them for the past two years by the government and main stream media. Enough is ENOUGH.

Yours sincerely

Shauna Sadikaj
