Hello,

In regards to extending the State of Emergency it is absolutely ludicrous. The Government has told us that we will just have to live with Covid so why do we need a State of Emergency plus while being in a State of Emergency the borders were opened allowing just about anyone to come into Queensland to bring whatever diseases they had causing havoc, I believe it was done on purpose and so hypocritical.

We are supposed to be free and the Government wants total control over the people, IT IS EXTREMELY WRONG!!!

We have lived with much WORSE diseases than Covid and have survived.

It is against the Nürnberg Code.

The Government wants total control and WE WANT TO BE FREE PEOPLE AGAIN !!!!!
