Subject: Opposition to extending the State of Emergency

I wish to strongly oppose the extension of the State of Emergency. We are not in a State of Emergency. These measures have done nothing to stop the spread of COVID19 and have created nothing but loss of livelihood and freedoms for many people. People have suffered greatly in terms of segregation from family, friends and loved ones, loss of jobs and freedoms to go and do what they chose.

If the Government was serious about helping people in their hour of need they would be focused on rebuilding the lives of those who have suffered from the floods, and COVID19 vaccination injuries, not inflicting more pain on suppression of freedoms and destroying what little is left for small business owners.

End this false state now.

Regards,
Wendy Murphy
