Subject: Oppose Extension of the emergency bill
Date: Friday, 4 March 2022 8:27:33 AM

4 March 2022

Committee Secretary

Community Support and Services Committee

I am writing to inform you that I do not support the extension to the state of emergency or the public health and other legislation (extension of expiring provisions amendment bill of 2022).

Reasons I do not support this:

- The extension of powers is based on covid deaths in Queensland and covid numbers. The Australian Bureau of statistics data now shows exaggeration of these numbers
- There is a general feeling in the community that these powers are now being abused
- There is much evidence that the harsh approach that has been taken under these emergency powers has not benefitted the wider community when weighed against the consequences of such actions
- The science from around the world is not supporting the continuation of such extreme powers
- They were always proposed as temporary measure and so 2 years in they have run their course

This bill must be rejected in its entirety.

Yours Sincerely

Kayla Maclean
