Subject: PUBLIC HEALTH AND OTHER LEGISLATION (EXTENSION OF EXPIRING PROVISIONS) AMENDMENT BILL 2022
Date: Friday, 4 March 2022 9:03:04 AM

Dear Committee Secretary

I am writing to your committee to express my concern Public Health and Other Legislation (Extension of Expiring Provisions) Amendment Bill 2022

Due to the recent flood Disaster, affecting more than half the state's population, this date for the submissions to be in, should be moved at least two weeks as many concerned citizens will be either trying to recover due to the continuing disaster to their businesses or homes, or helping others to recover.

A submission date of today , which has such huge repercussions to the community, especially when so many are affected, should not happen.

If this does occur and the date is not moved, then it will show that this isn't really a consultative process.

Rod Tyson
