Subject: Extending Emergency Bill powers
Date: Friday, 4 March 2022 9:05:37 AM

Hi

I am writing this to advise that I DO NOT want the proposed extension to the emergency power bill

As someone who works in Tourism the emergency bill in place as been hugely detrimental and vaccine mandates a huge over reach by government

please ensure that this bill does not go through to cause any more extreme hardship to community and tourism operators, it is divisive and should never have happened in the first place

i would appreciate a response

yours sincerely

Gail Betts
