Subject: Emergency Powers Extension
Date: Friday, 4 March 2022 9:08:56 AM

Dear Madam / Sir,

I am a lifelong citizen of Queensland, who does not agree with the proposed extension to the Emergency Powers proposed by the Palaszczuk Government.

It has been recently proven, that this virus is no worse than the flu. Further extensions of these emergency powers only work to extend unnecessary panic in the communities, financial hardship, destruction of small businesses and social anxiety.

Enough is enough! Time for a return to normalcy.

Regards, Anthony Cois
