Subject: FW: SAYING NO TO THE EXTENSION OF STATE EMERGENCY
Date: Friday, 4 March 2022 9:11:17 AM

My Name is Janelle Cole,

And I am objecting to this government or any other government body wanting to extend the state of emergency, there is no reason for this to be happening people are being sensible and we are not children. We all need to get back to our normal lives and have our freedom back, this is unnecessary for a state of emergency to be extended and I am against everything to do with this happening.

Everyone's mental health will benefit from having our freedom back and have normality regained in our lives again.

Regards

Janelle Margaret Beth Cole
