To whom this may concern.

I DO NOT want an Extension to the Emergency Bill (until 31st October 2022).

My reasons are basic and simple enough suffering has occurred in communities all over Australia versus the effects of the covid data that has been an exaggeration, just doesn't weight up anymore. Common sense needs to prevail. The segregation in society is beyond reason in our country.

My own health has suffered from the enormous amount of stress that I feel going on in my everyday activities. This can be so much avoided by creating the sense of freedom by learning to live as one with the virus. After all this is what being human is all about.

Yours sincerely,

Robin Tim So
