To,  
Committee Secretary  
Community Support and Services Committee  
Parliament House  
George Street  
Brisbane Qld 4000

I wish to formally advise that I do not support the Bill nor the extension of the state of emergency in Qld.

Omicron has proved to be a lot less dangerous and subsequent variants will be even less dangerous, as history has shown in regards to respiratory viruses.

The people should be allowed to make their own decisions moving forward in regards to personal safety when it relates to the Covid Virus.

If the SOE laws are extended from 30 April 2022 to 31 October 2022,

Queenslanders will have been under a SOE for nearly three years.

Personal freedoms and opening up the State should be the main focus for a democratic Government.

Thanks  
Stephen Smith
