Subject: Emergency powers
Date: Friday, 4 March 2022 10:13:48 AM

I would like to clearly state that I do not want to see an extension of emergency powers given to the qld government.

As the extension of powers would depend on continued rises in numbers of infections and deaths - and this is clearly not the case - then the extension should not be granted. (Qld health shows the graph has flattened)

Please convey my wishes in any way/s possible and reply to any of the following

[REDACTED]

Thank you
Pete Buckley
