To whom it may concern,

I stand firm in the belief that Queensland's current state of emergency be cancelled, NOT continued, as the pandemic is over. We are barely facing an endemic situation, so the need for State of Emergency laws and mandates **must** finish.

This would simply be an over reach of power and not be serving the people and State of Qld.

I hope that you finally listen to the people you have been **chosen** to serve, otherwise please call an election so we can choose someone who will listen.

Kind regards,
Abelene Buchanan
