I am emailing in regards to

PUBLIC HEALTH AND OTHER LEGISLATION (EXTENSION OF EXPIRING PROVISIONS) AMENDMENT BILL 2022

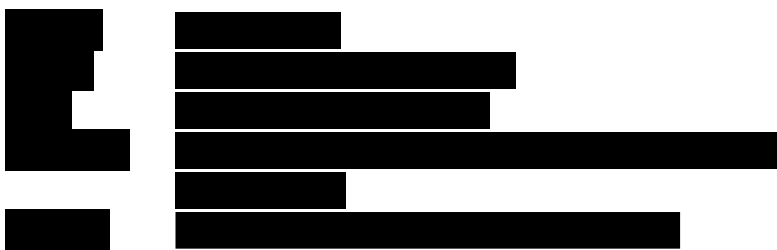

I am writing to provide record that I am completely against this amendment bill.
 There is NO state of emergency - and it seems very clear to myself and many other Australians that these laws are being used to obtain powers that otherwise wouldn't be available.
 Perhaps provide to the Australian Population your genuine reasons for requiring this and ask for public opinion BEFORE this goes through.
 This is the biggest misuse of power I have ever seen in my life.
 The deaths resulting directly from Covid (with no other contributing factors) are so low, there is no way that the economic problems this government has caused are justified. There are so many other things that kill more Australians everyday. Your "state of emergency" is absolutely the biggest load of rubbish I have ever heard.

I am fiercely against this.
