Re: Extension to the Emergency Bill

I say no extension. I believe the continued use of the Emergency Bill is unnecessary and an overreach by Qld Government at the time when cases surge, but hospitalisations for serious cases decline. We need to go back to an economy that is allowed to function within societal norms. We don't need to be controlled by mandates that have proven themselves to be futile. Instead, these mandates have stifled our freedom to choose, to operate ourselves and our businesses' lawfully.

Thank you.
