re: Public Health and Other Legislation (Extension of Expiring Provisions) Amendment Bill 2022.

Under NO circumstances whatsoever should the above-mentioned Bill be passed. There should be an immediate end to the emergency powers.

There is NO medical emergency, therefore no medical justification for the extension.

The whole “emergency” was built on lies, and false PCR test results (which were deemed “Not fit for purpose”).

They have crippled our economy, decimated small businesses, killed people (via vaccine death, suicides & with-holding successful treatment protocols) all for a virus that is treatable.

All over the world governments are realising the mistakes they have made. Science DOES NOT support pandemic restrictions.

Every single rule of the Nuremberg Code has been broken !!! Not to mention basic human rights.

Please STOP this tyrannical power hungry bill now, and help return this current communist Australia, back to a democracy.
