Dear Committee Secretary,

RE: PUBLIC HEALTH AND OTHER LEGISLATION (EXTENSION OF EXPIRING PROVISIONS)
AMENDMENT BILL 2022 (BILL)

I **do not** support the Bill nor the extension of the state of emergency.

Also, as a member of the public, I and many others I know have suffered much negative impact and **no** benefit from the Qld government's mismanagement of the Covid situation.

I would however, totally support accountability of government and other public institutions.

Please remember that as public servants, you are charged with the responsibility to serve the people, not the other way around.

Your current policies are **not** protecting the public at all.

One must seriously question the cost to society of allowing oppressive control measures to continue, when the benefits are so clearly questionable.

I urge you again to vote **NO** to this bill.

Sincerely,

Don Corben

Cheers

Don Corben
