Hi I am Aleksandra Rimmer of [REDACTED] telephone number [REDACTED]

I object very strongly to the extension of this state of emergency powers . There is no emergency. Covid has all but vanished and huge swathes of the populace have been vaccinated . If there was such an emergency still , why have we opened our international borders .

Omicrom is far less lethal and most people have encountered it and recovered
This SOE has been abused and if extended it will only lead to more abuse
