

I DO NOT support an Extension to the Emergency Bill (until the 31st October 2022).

I am sending this email to object to the government's proposed Extension to the Emergency Bill for the following reasons:

- * The extension of powers is based on COVID deaths in Queensland and COVID numbers. The ABS data is now showing the exaggeration of such data.
- * The Gold Coast City Council CEO has just announced they will not mandate a vaccination policy because the Omicron wave has now passed its peak for most of Queensland.
- *The Omicron variant is currently the dominant strain and for most Queenslanders it results in flu-like symptoms where non-prescription painkillers are sufficient treatment.
- * With each COVID 19 variant the symptoms become less severe and life threatening.
- *The vaccine mandate imposed by the government segregates and marginalises a sector of our society.
- *The COVID 19 vaccinations have yet to prove their worth as they do NOT stop transmission or lessen severity from COVID 19.
- * Mandates have increased isolation and increased the negative effects on everyday Queenslanders mental health and the rate of suicide.
- *The mandates have caused increases in workplace bullying, harassment and segregation.
- *Hard working Australians have lost their jobs and can no longer provide for their families. Families and friendships are being torn apart because of ineffective mandates.
- *COVID 19 vaccinations DO NOT save lives. The CEO of Pfizer himself has said the vaccinations are ineffective.

These are just a few of the reasons I DO NOT support the extension of the emergency powers bills.

The evidence can NOT be ignored. Mandates and Government tyranny must stop before Australia is lost forever!

Brent Mathers
