Subject: Extension of emergency powers? WHY???
Date: Thursday, 3 March 2022 6:35:36 PM

To Qld Govt,

It has to my attention that you hoping to extend emergency powers to October. Why?

There is no more pandemic. We have moved on to Covid being endemic. Around 90% are either double or triple vaxed, so I ask why? WHY?

Emergency powers are when there are emergencies, there AREN'T any NOW.

The just in case is NOT a good enough reason. Winter is coming is NOT good enough reason.

Should there be (I highly doubt) another respiratory pandemic, THEN consider it THEN. NOT now.

Show the Queensland people there is some integrity left in the QLD Govt. NOT extending it would prove that.

Extending it shows that there isn't.

Susan Summers
